Extruded composite handrail is smooth and sturdy and has an additional support bracket under the step frame which adds security.
The notched handrail is made of material that will not splinter or wear like comparable steps made of wood. Available for right or left side.

Surround your Marquis® hot tub with custom Environments™ to transform your outdoor living area into your personalized hot tub lifestyle space and transform from hot tub to haven!

Designed and built exclusively by Marquis® with the same exacting quality of craftsmanship and durable materials, Environments™ perfectly complement your Marquis® e-Series™ or Signature hot tub and add a higher level of sophistication to your outdoor environment.

e-Series™ hot tubs have an edgy, chiseled design. Those same design lines are carried over to the e-Series™ Environments™. While the Signature Environments™ have a more sophisticated design that complements the organic lines of the hot tub.

Environments™ are built to endure! All components have a heavy-duty top surface built of all-weather decking material. Heavy-duty one inch top side material is weather resistant, similar to outdoor decking to withstand Mother Nature and heavy loads.

Environments™ are a true investment that will provide you with years of both functionality and beauty and transform your space from hot tub to haven!
